Celebrating 125 Years

Fall 2014 Commencement

UNC Commencement Mission Statement

University Commencement represents the culmination of a student's academic achievement. It is a time of celebration and reflection for students, families, friends, faculty and staff. It brings together a diverse community to share the joy of accomplished goals.

A Message from the President

Dear UNC Graduates,

Commencement marks a milestone in both your journey of lifelong learning and the life of the University of Northern Colorado. As you reflect on your accomplishments and look forward to new opportunities, know that you are part of more than a century's tradition on our campus.

In 1890, when civic leaders, educators and citizens from Greeley and across the State of Colorado gathered to celebrate laying the cornerstone of our first building, they spoke of universal education as the foundation for our future. Governor Job A. Cooper told the crowd: "It is the enlightened conscience and educated intelligence of the many that will ultimately crowd back all corruption and anarchy, and harmonize contending factions and dissipate the dangers that threaten our country. Upon this foundation stone laid today will rise an institution to prepare leaders in this great work."

As graduates, you will leave here today to become the leaders envisioned by our founders. Earning a UNC degree is about more than books and knowledge. It is about nurturing the mind and the heart, seeing potential in the unknown, and preparing to give back to society. If you look at the array of professions — the lives — we prepare students for, many are public service oriented. UNC graduates don't just make money; they make a difference.

As you continue your journey of lifelong learning, you can be proud to be part of a distinguished group of UNC alumni who are making a difference across the country and around the world.

Best regards,

Kay Norton

Graduate Ceremony

December 12, 2014 • 7:00 p.m. • Bank of Colorado Arena at Butler-Hancock Athletic Center

Processional
Pomp and Circumstance by Sir Edward Elgar
Arranged by Kelly Zuercher

Graduate Ceremony Speaker

Rodger Bybee

Rodger W. Bybee has been chair of the Science Forum and Science Expert Group, and Questionnaire Panel Consultant for PISA since 2006. Until 2007, Dr. Bybee was executive director of the Biological Sciences Curriculum Study (BSCS), a non-profit organization in Colorado Springs, Colorado that develops curriculum materials, provides professional development for the science education community, and conducts research and evaluation on curriculum reform. He was previously the executive director of the National Research Council's Center for Science, Mathematics, and Engineering Education (CSMEE), in Washington, D.C., participated in the development of the National Science Education Standards, and chaired the content working group of that National Research Council project.

At BSCS, Dr. Bybee was principal investigator for four National Science Foundation (NSF) programs. His work at BSCS also included serving as principal investigator for programs to develop curriculum frameworks for teaching about the history and nature of science and technology for biology education at high schools, community colleges, and four-year colleges.

He has been active in education for more than forty years, having taught science at the elementary, secondary and college levels, including 13 years as professor of education at Carleton College in Northfield, Minnesota.

Dr. Bybee serves advisory boards and committees for The National Academies, The U.S. Department of Education, The National Science Foundation and The American Institute of Biological Sciences. He chairs the National Forum for the Organization of Economic Cooperation and Development for the 2006 Program for International Student Assessment in Science, and is an advisor to the Trends in Mathematics and Science Study video projects.

Published in education and psychology, Dr. Bybee co-authored Teaching Secondary School Science: Strategies for Developing Scientific Literacy, and his books include Achieving Scientific Literacy: From Purposes to Practices and Learning Science and the Science of Learning.

Dr. Bybee has received awards as a Leader of American Education, Outstanding Educator in America, and Outstanding Science Educator of the Year. Recognized as one of the 100 outstanding alumni in UNC's history, he also received the National Science Teachers Association (NSTA) Distinguished Service to Science Education Award, The American Institute of Biological Sciences (AIBS) first AIBS Education Award, and the NSTA's highest honor, the Robert H. Carleton Award.

June 1890
Civic leaders, educators, and citizens from around Colorado gather to lay the cornerstone of UNC's first building, later named Cranford Hall.

October 1890
The Colorado State Normal School opens before its first building is ready, holding classes in locations around Greeley that included a room over a downtown paint store, a back room at the Baptist church and a courtroom.

Patricia Fornes

Colonel Patricia Fornes, United States Air Force (USAF), Retired, born at March Air Force Base, Riverside, California, attended grade and high schools in California, Ohio, Wyoming and North Dakota, before enrolling at the University of Northern Colorado, her mother's alma mater. She graduated from UNC in 1975 (BA, History Education) and was commissioned through Air Force Reserve Officers Training Corps, having been the first woman to serve as a cadet commander in the Western Region.

During her 26-year Air Force career, Colonel Fornes achieved several breakthroughs including being the first woman officer to serve on an intercontinental ballistic missile launch crew. She was also the first woman to command a missile operations squadron, the same squadron once commanded by her father, Lieutenant Colonel Glenn L. Fornes, USAF Retired. Her Pentagon assignments included Chief, Secretary of the Air Force's Legislative Liaison Inquiry Division, directing the Air Force's Legislative Fellows Program, and executive officer to the Director of Air and Space Operations. Colonel Fornes culminated her career as the Senior Assistant to the Commander of US Strategic Command, responsible for the Commander's public engagements, congressional hearings and meetings, and the Commander's strategic planning effort.

Since her Air Force retirement, Colonel Fornes has worked for CACI supporting the Director for National Leadership Command Capability, Department of Defense Chief Information Officer, as liaison to US Strategic Command. She is also on the Board of the Association of Air Force Missileers and is a former board member of the Omaha Chamber Music Society.

Colonel Fornes also earned her Master of Arts in Human Relations and Management from Webster University in 1981 and attended both Air Command and Staff College (1989) and Air War College (1995) in residence, earning special recognition for her War College paper, Modernizing China's Air Force: Its Strategy, Budget and Capabilities. She and her husband, Colonel Douglas M. Marshall III, USAF Retired, have been married 33 years and now live in Omaha, Nebraska.
